FUNDING AND FIANANCE - Lynda L.

Prom report - Estimated attendance 60 people. It was brought to the committees attention that there were 4 other functions on that night with in a 150 mile area. It was decided to contact surrounding areas to co-ordinate our annual dates. WE took in \$350.15 at the door. After expenses, \$168.67 remains.

Barb R. will attend Regional this month. The committee will choose a person each month to attend rather than having one representative.

Area picnic August 16th. Flyers will be out at the Convention and will be mailed out to all GSR'S. A car will be decorated the NA way to mark our picnic site. Bring your meat and a dish to pass. There will be a frisbee golf course, softball and organized activities for the kids. Some of us are going to camp over to get our site early. Activities begin at 10:00am.

HOSPITALS & INSTITUTIONS - John L.

All area orientations are going well but literature is a major need! We also need more people to do orientations. In particular, 12:45pm on Friday at Alcare and 11:30am on Wed. at Care Unit. As NA grows, so will the amount of orientations. The work of many can't be handled by just a few. H&I invites all! All those interested should contact John L., Gene S. or Kim G.. We'll be meeting Aug. 2 at 2:00pm at Unity Group to discuss the H&I, PI learning day. All are invited to attend.

John made a motion that H&I receive \$109.20 worth of literature. Carried.

*** The H&I committee would like to be able to get their literature needs filled first. We (as a committee) feel that H&I work done in the area is important and that it warrants a policy to this effect. John L. made a motion that H&I be given priority in literature sales, allowing them to get literature before the groups. This motion was tabled until group conscience can be obtained since literature availability may be affected.

OUTREACH COMMITTEE - Steve L. "Ski"

This committee has met twice since the June ASC meeting. We have been receiving good support and alot has been accomplished.

Outreach returned to Mendota on June 15 and was happy to see some local support there. A scheduled trip for June 29 did not happen, but all looks good for our return to Mendota on July 13.

We also traveled to Dekalb on July 11 to provide support for the Sat. 8:00 closed literature study. There was no meeting being held and all the treatment center patients had been sent to the "other fellowship".

Outreach has been having trouble getting drivers to fulfill their commitments to drive to scheduled trips. Four trips did not take place even though there were addicts ready to go to provide support. They needed drivers to get there. Please help us if you can. We need drivers that will commit and fulfill their commitment.

Steve presented the committee's proposed gas reimbursement plan for approval. After review and discussion, the motion to approve carried.

Outreach will be traveling to Janesville, Dekalb, Beloit, and Mendota in August. Dates are not set yet. More will be revealed.
